

CLEANSE ANTIBACTERIAL

AgroBac™ Pure FOAM Wash

Perfume-Free & Dye-Free Antibacterial Foam Hand Wash for Food Handling

PRODUCT DESCRIPTION

Perfume-free and dye-free antibacterial foam hand wash with Benzalkonium Chloride. Kills 99.999% of many types of common germs in 30 seconds.

WHERE TO USE

To remove light to medium contamination in low and high risk areas where high standards of hand hygiene are required (e.g. food manufacturing/processing, catering and food service).

HOW TO USE

- Apply to moistened or dry skin
- Rinse off thoroughly
- Dry thoroughly

Keep out of reach of children. If swallowed, get medical help or contact a poison control center right away.

Nonfood Compounds
Program Listed E2
157532

FORMAT: FOAM

| FEATURES | BENEFITS |
|---|--|
| NSF E2 rated | • Suitable for use in environments where food is being handled or produced |
| Perfume-free and dye-free | • Will not taint food when used as an antibacterial hand wash |
| With Benzalkonium Chloride | • Skin and environmental friendly active • Leaves no lingering smell on hands like other actives |
| Skin cleanser and sanitizer in one | • Time and money saving combination |
| Contains skin conditioner | • Helps the skin feel smooth and firm after use • Helps prevent dry skin |
| Soap-free formulation with skin friendly pH value | • Helps to maintain the skin's natural acidic protective mantle |
| Generates water economies | • Can save up to 45% on water consumption compared to lotion soap |
| Foam technology provides excellent cost in use | • Highly economical, only one dose is required to provide an effective hand cleansing • Provides over 30% more washes compared to standard lotion soap |
| High quality smooth foam | • Wonderfully 'silky-smooth' skin feel when washing; helps to improve hand washing compliance |
| Convenient, quick and easy | • Dispenses foam instantly on to the hands, reducing the time required to create lather • Quickly and easily rinses away to leave no residue on skin or in the sink |

INGREDIENTS

ACTIVE: BENZALKONIUM CHLORIDE (0.13%)

INACTIVE: AQUA (WATER), HEXYLENE GLYCOL, COCO GLUCOSIDE, COCAMIDOPROPYL PG-DIMONIUM CHLORIDE PHOSPHATE, LAURTRIMONIUM CHLORIDE, PEG-6 COCAMIDE, CITRIC ACID

STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal Food, Drug and Cosmetic Act issued by the Food and Drug Administration (FDA).

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/us/sds.

QUALITY ASSURANCE

Deb products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in Deb's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

SUITABLE FOR FOOD HANDLING

NSF E2 Rated: AgroBac™ Pure FOAM complies with the NSF International standards for Nonfood Compounds / Antibacterial Handwashing Products (Category Code E2, Registration Number 157532).

SHELF LIFE

This product has a shelf life of at least 12 months from the date of manufacture when stored unopened at room temperature.

PACK SIZES

| Stock Code | Size | Case Quantity |
|------------|------------------------------|---------------|
| AGB1L | 1 liter cartridge | 6 |
| AGB120TF | 1.2 liter tf ultra cartridge | 3 |
| AGB2LT | 2 liter cartridge | 4 |

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test: The 48hr Single Patch Test results have been validated by a dermatologist to show the product to be 'non-irritant'.

Toxicological Approval: The product has been independently assessed for human toxicity. It is declared safe for intended use, meeting all relevant regulatory requirements.

EFFICACY TESTS

Water Saving: Independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption by as much as 45% (Conclusion of report: "How a simple change in the washroom can significantly reduce water consumption and associated costs", Durrant and McKay, 2011).

Time Kill Study: Product showed a reduction of 99.999% for a variety of Gram positive and Gram negative bacteria within 30 seconds using the Time Kill Test Method ASTM E 2783-11 (test conducted at Deb Worldwide Healthcare Inc., Canada).

Chlorine Equivalency Test: AgroBac™ Pure FOAM, was determined to be more effective in germicidal efficacy than the 200 ppm Chlorine Standard Solution when challenged with *Salmonella enterica* and *Staphylococcus aureus*. Test Method: AOAC Official Method 955.16, Chlorine (Available) in Disinfectants - Germicidal Equivalent Concentration (17th Edition, 2000).
