

Heated Carpet Cleaning Extractor

Mytee® 120 PSI Heated Carpet Cleaning Extractor with 12" Wand & 15' Hose

Item# MYT-2002CS

Tough & Durable

With a single 3-stage motor, the Mytee® Carpet Cleaning Extractor achieves a powerful 130" of water lift, leaving your carpets clean and dry. A 120 psi pump powers dirt out of your carpet fibers, fabrics, and upholstery. The 10 gallon solution tank is ample capacity to tackle a moderate-sized carpet cleaning job or a very large piece of furniture. It comes with a 1,200 watt in-line heater with a max temp of 210 degrees for maximum cleaning. You'll get a lot done with this carpet extractor, with a minimum amount of effort exerted.
