

ZymeCLING Multi-Purpose Bio-Enzymatic GEL is made to cling to the inside of drains and pipes so that it may continue working around the clock.

ZymeCLING is fast acting and extremely effective at breaking down and digesting organic material (proteins, starches, and sugars) from hard to reach drains and areas where drain flies breed. **ZymeCLING** helps eliminate odors from drains and improve flow in slow drains. Safe for all types of plumbing and is non-pathogenic and non-caustic.

- DRAIN FLY TREATMENT**
- GARBAGE DISPOSAL REFRESHER**
- TRAP & DRAIN MAINTENANCE**
- URINAL & COMMODE TREATMENT**

KITCHEN & BAR-

DRAIN FLY TREATMENT: Add 2-4 oz. to each drain. Apply around edge of drain, attempting to coat sides of drain, twice a week. This will eliminate the food source and breeding areas for the drain flies.

DRAINS MAINTENANCE: Add 2-4 oz. to each drain. Apply around edge of drain, attempting to coat sides of drain, twice a week.

GREASE TRAP MAINTENANCE: For traps less than 20 cu. ft. apply 4-6 oz. daily to the drains pipes closest to the grease trap. Flush with a cup of warm water. For larger traps apply 8-10 oz. daily

GARBAGE DISPOSALS: Apply 2-4 oz. to the outside edge of drain, attempting to coat sides of drain.

RESTROOM-

URINALS & COMMODES: Squirt 2-4 oz. around the inside of the urinal and commode after cleaning.

DRAINS: Squirt 2-4 oz. into the restroom drains once a week.

Note: Before using food products and packaging materials must be removed from the room or carefully protected. After using, surfaces must be rinsed with portable water source in a sufficient manner to prevent food contamination and/or inspection interference. This product must be used with proper ventilation, ensuring all vapors or odors associated with this product are dissipated before food products or packaging materials are re-exposed in the area.
