

Pacer 12/15 UE

12 in. / 30 cm and 15 in. / 38 cm Upright Vacuums

The Pacer 12/15 UE is the single-motor upright of choice for many professional cleaners. Performance and durability are the hallmarks of this CRI Gold certified vacuum.

Peak performance

The Pacer 12/15 UE comes with a HEPA filter and is rated “Gold” by the Carpet and Rug Institute, a distinction that demonstrates this vacuum’s exceptional cleaning ability and filtration. Maintain performance with the optional 100-hour HEPA filtration kit.

Ergonomic

The height-adjustable handle and contoured grip help your staff find a comfortable setting.

Easy-to-use with convenient tools

A built-in extension hose and wand lets staff clean up to 10 feet above the floor. With on-board storage, the 8 in. / 20 cm crevice tool and the 3 in. / 8 cm round brush are in direct reach of the operator. The brush height adjustment knob on the base adjusts to four positions to accommodate different carpet types. The patented WAVE-LOK® filter bag ensures secure bag installation every time.

Simple maintenance

No tools needed for common maintenance tasks. Change the filters, brush roll and cord quickly and without tools.

Robustness

A mechanical clutch protects the belt from breaking if the brush gets jammed. Shock-absorbing, soft rubber over-molding wheels keep the vacuum quiet while transporting over hard surfaces.

Optional 100-hour filtration kit

Changing filters at the right time is the key to maintaining top vacuum performance and improving indoor quality. Simplify vacuum maintenance with the 100-Hour HEPA Filtration Kit which contains ten filter bags, one motor filter and one HEPA filter.

Pacer 12/15 UE

12 in. and 15 in. Upright Vacuums

Technical Data	Pacer 12/15 UE
Working width	Pacer 12 UE - 12 in. / 30 cm Pacer 15 UE - 15 in. / 38 cm
Dust bag capacity	1.25 gal. / 5.5L
Weight	Pacer 12 UE - 18.7 lb. / 8.48 kg Pacer 15 UE - 19.5 lb. / 8.84 kg
Sound level (dBA)	67
Motor HP / Nominal consumption	1.7 HP / 1,260 W
Vacuum motor water lift	92 in. / 234 cm
Vacuum motor protection	High temperature shut-off
Max air flow (CFM / L/s)	100 / 47
Dimensions (L x W x H)	Pacer 12 UE - 12.5 x 12.5 x 48 in. / 32 x 32 x 122 cm Pacer 15 UE - 12.5 x 15.5 x 48 in. / 32 x 39 x 122 cm
Power cord length	40 ft. 14-3 SJT (115V) Optional 25 ft., 115V cord available
Brush speed	3300 RPM
Brush drive	Gear belt
Brush adjustment	4 pile height positions
Brush protection	Mechanical clutch prevents belt damage when jammed
Filtration	3-stage
Filtration efficiency	99.97% at 0.3 microns
Input voltage	120 V
Approvals	CRI Gold, cULus
Warranty	Two years including belt, excluding wear items
