Quality Above All

# PILOT AUTOSCRUBBER

## Compact Hard Surface Scrubber

## Light Weight, Easy to Operate

## Counter Rotating Scrubbers for Tile & Grout Cleaning

## Built-in Squeegee Gets the Floor Dry

The amazing Pilot automatic scrubber is ideal for deep cleaning of hard floors, pavement concrete and grouted tile. The Pilot™ gives you all the performance of larger, more expensive equipment but in a lightweight, compact size that's super easy to operate and store. At only 30 lbs, it's simple to transport to any job site. The Pilot™ is perfect for routine maintenance or periodic deep cleaning, especially in tight, obstructed areas such as restrooms or locker rooms.

# PILOT AUTOSCRUBBER

## Key Features

- Ideal for deep cleaning of hard floors, pavement concrete and grouted tile
- Pilot™ gives you all the performance of larger, more expensive equipment but in a lightweight, compact size that's super easy to operate and store
- Only 30 lbs, simple to transport to any job site
- Perfect for routine maintenance or periodic deep cleaning, especially in tight, obstructed areas
- Features a pair of high-speed counter-rotating circular nylon brushes with two levels of bristles that deep-clean grout better than any cylindrical method
- Superior urethane squeegee blades allow one-pass cleaning or can be raised to double scrub for restorative cleaning
- Uses less solution, works in tandem with green chemicals and with its single motor, draws less amps
- User friendly and simple to operate and maintain
